

MIDWESTERN UNIVERSITY MULTISPECIALTY CLINICS
3450 Lacey Rd. Downers Grove, IL 60515

**NOTICE OF SUPERVISED STUDENT, INTERN OR RESIDENT
HEALTHCARE PROVIDERS INVOLVED IN PATIENT CARE**

Midwestern University Clinic is a multi-specialty outpatient medical clinic dedicated to providing high quality care to patients. Midwestern University Clinic is affiliated with Midwestern University, a University specializing in medical and health science education at its campuses located in Glendale, Arizona and Downers Grove, Illinois, with colleges of osteopathic medicine, pharmacy, health sciences, optometry, and dental medicine. It is our belief that Midwestern University Clinic's affiliation with Midwestern University allows our health care providers to keep up-to-date with the latest treatment, technology and medical innovations, which result in better treatment to our patients.

Midwestern University Clinic is also a resource for the training of students, interns and residents in various health professions. Specifically, Midwestern University Clinic affords students, interns and residents studying various health professionals at the University with the opportunity to participate in the delivery of care to patients as part of their educational experience, under the supervision of experienced attending physicians. As a result, one or more of the Midwestern University's students, interns or residents may be involved in your treatment.

Any student, intern or resident involved in your care will be supervised by a fully licensed physician or other licensed healthcare professional and in no case will you be seen exclusively by a student, intern or resident. Prior to the beginning of your treatment, any student, intern or resident involved in your care will be introduced and identified to you.

You have the right to request that a student, intern or resident not be involved in your treatment. If you would like to make such a request, please inform the Midwestern University Clinic intake staff member who processes your patient information form and your treating physician prior to beginning treatment.

If you have any questions about the involvement of students, intern or residents in patient care at Midwestern University Clinic, please contact your provider.
